Info

The guys of Society-OFF have been touring unremetingly since 2006. Apart from more than 150 shows throughout Germany the four are also proud to present their first full-length album. Furthermore there is a quite impressive list of bands they have supported so far. During the last years they have stood on the same stage with Strike Anywhere, Agnostic Front, No Use For A Name and many others. In September 2011 they started their own tour through Germany on the occasion of the album „Carry Or Collapse“. Playing live is what defines them! So if you're into energetic punk rock you shouldn't miss one of their shows and check them out! Tour dates are available online [society-off.com] and on all relevant social networks.

Stage and monitoring

Stage big enough, please! A drum raiser would be great [2x2m are OK. 30-50cm height]. Power supply for our AMPs. Enough space for our backdrop [3x1m]. Hooks would be nice. On open air shows please make sure that the stage is secured against rain, storm and other weather conditions to all its sides. For our monitoring we need 3 wedges or sidefills in the front. Drummer Marvin has his own monitoring of kick and click. He brings his own mic, a small mixer and headphones. So the rest of the band actually only needs one way! If you had more we'd certainly use them! A stage plan can be found on the back of this sheet.

PA

A mixer with around 14 channels if you pick it all up. But we are used to playing shows with only 3 channels/mics if it is a really small club! To provide a good show the PA should have enough power. Depending on the size of the room and number of people in it, it should provide something between 2 and 5 thousand watts. It's your venue - so you will know best...

Lights and Effects

Bright [preferably white] light when we're taking our equipment to the stage and back down! 6 - 12 x Par64 red/blue/yellow/green are cool! And PLEASE - no fog!

Other

We'll bring a complete backline that may be used by other bands. It includes the following:
2x MESA Boogie 4x12 cabinets, 1x Ampeg 8x10 cabinet, Kick drum, Floor-Tom, TomTom, Stands.
We're not sharing our amps/guitars/expendable parts! Please make sure that all bands bring their own ones!
